ABSTRACT

This memorandum contains facts about degrees conferred by institutions in the University of Wisconsin (UW) System in 2000-2001. Overall, the UW System conferred 28,217 degrees in 2000-2001. Of these, 969 were Associate Degrees, and 20,927 were Bachelors Degrees. There were 4,952 Masters Degrees, and 759 Doctoral Degrees, with 610 professional degrees. The discipline in which the most bachelors and masters degrees were conferred was Business Administration. The top discipline sub-area for doctoral degrees was Chemistry. Of the degrees conferred by UW in 2000-2001, 56.8% were earned by women, and 7.0% were earned by students of color. International students earned 5.1% of UW degrees. Detailed data are presented in seven tables. (SLD)

DEGREES CONFERRED BY INSTITUTION AND LEVEL

In 2000-01, UW System institutions conferred 28,217 degrees (Table 1). Of these degrees, 969 were Associate degrees, 20,927 were Bachelors degrees, 4,952 were Masters degrees, and 759 were Doctoral degrees. Professional degrees awarded to UW-Madison students in law, medicine, veterinary medicine, and pharmacy accounted for the remaining 610 degrees.

Table 1

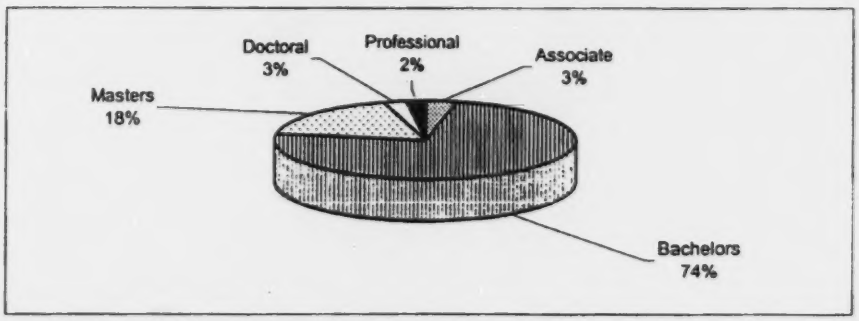
*Professional degrees include law, medicine, veterinary medicine, and pharmacy.

PROPORTION OF DEGREES CONFERRED BY LEVEL

Almost three-quarters (74.2%) of all degrees conferred by UW System institutions in 2000-01 were Bachelors degrees (Figure 1). Masters degrees accounted for 17.6% of all degrees conferred while Associate degrees made up 3.4% and Doctoral degrees made up 2.7% of degrees conferred. Professional degrees awarded to UW-Madison students were 2.2% of all UW System degrees conferred.

Figure 1
University of Wisconsin System
Proportion of 2000-01 Degrees Conferred by Degree Level



DEGREES CONFERRED BY DISCIPLINE AREA AND LEVEL

Table 2 shows the CIP[1] discipline areas and the 2000-01 degrees associated with these disciplines. Degrees in the Business Administration discipline account for 17.1% of all degrees while degrees in Education made up 12.8% of all degrees conferred. Other discipline areas in which one thousand or more degrees were conferred included Social Sciences and History (2,661), Allied Health and Health Sciences (2,196), Communications (1,644), Engineering (1,460), Biological Sciences (1,405), Psychology (1,212), Visual and Performing Arts (1,206), and Multidisciplinary Studies (1,007).

[1] The discipline areas are categorized according to the Classification of Instructional Programs (CIP) which is the U.S. Department of Education's standard educational program classification system. Each academic major program in the UW System has been assigned a CIP code for reporting purposes. A CIP code has six digits. The first two digits represent broad discipline areas as those in Table 2. The middle two digits represent areas within the broader discipline and the whole CIP code represents a unique identifier for degree programs.

TRENDS IN DEGREES CONFERRED BY DISCIPLINE AREA

Tables 3, 4, and 5 show the number of degrees conferred by UW System institutions by CIP sub-area, a more specific categorizing mechanism than the CIP area shown in Table 2. The specific degree programs shown represent programs in which 2.5% or more of the total degrees for that level and year are conferred.

Business Administration, Elementary Education, Psychology, Marketing, Financial Management, English, and Secondary Education are all discipline sub-areas in which at least 2.5% of all Bachelors degrees were conferred in 2000-01, 1995-96 (five years ago), and 1990-91 (ten years ago) (Table 3). Two fields, Biology and Nursing, were common sub-areas in 2000-01 and five years ago, but not ten years ago. Accounting was a common discipline sub-area both five and ten years ago but is not represented in 2000-01. Fine Arts has emerged as a more common discipline in recent years.

Of the discipline sub-areas in which at least 2.5% of Masters degrees were conferred in 2000-01, three are in areas that were not represented either five or ten years ago (Table 4). These areas are School Psychology, Educational Psychology, and Rehabilitation/Therapeutic Services. Business Administration, Elementary Education, Social Work, Counseling, Secondary Education, and Library Science are all areas that are represented in 2000-01 and were also represented both five and ten years ago. Curriculum & Instruction and Communicative Disorders are areas that were represented in 2000-01 and 1995-96 but not ten years ago.

Chemistry, Biological Science, History, Curriculum & Instruction, and Educational Administration are all discipline sub-areas in which at least 2.5% of all Doctoral degrees have been conferred for 2000-01, 1995-96, and 1990-91. The fields of Mechanical Engineering and Romance Languages & Literature are common areas in 2000-01 but were not either five or ten years ago. Mathematics and Physics were common sub-areas five and ten years ago but are not represented in 2000-01.

DEGREES CONFERRED BY GENDER

Women earned 56.8% of all degrees conferred in the UW System in 2000-01 (Table 6). This is a 1.4 percentage point increase in the proportion of degrees conferred to women in 1996-97. At the Associate level, 62.4% of degrees conferred in 2000-01 were earned by women and 37.6% were earned by men. At the Bachelors level, 56.6% of degrees conferred were earned by women and 59.7% of Masters degrees conferred were earned by women. The Doctoral level continues to be the only level where women do not comprise the majority of degree recipients. In 2000-01, 60.1% of Doctoral degrees were earned by men and 39.9% were earned by women. At the Professional level, 56.8% of degrees conferred were earned by women.

DEGREES CONFERRED BY RACE/ETHNICITY

Students of color earned 7.0% of all degrees conferred in 2000-01 (Table 7). White students earned 87.9% of all degrees conferred during the same time period. The remaining 5.1% of degrees conferred were earned by international students. Compared to 1996-97, the number of degrees conferred to students of color in 2000-01 was an increase of 291 degrees resulting in a 1.2 percentage point increase over this time period. The proportion of degrees at each degree level earned by students of color ranged from 4.6% at the Associate level to 18.4% at the Professional level. The proportion of degrees at each level earned by international students ranged from 0.9% at the Associate level to 28.1% at the Doctoral level.
